

March 12, 2020

Dear CLCS Families,

As we shared yesterday in our COVID-19 update, we remind all UPPER school families that students continue to not be allowed to enter Carney Hospital.

In addition, Carney Hospital has notified us today that the hospital will prohibit any children under the 12 years of age into the hospital unless they are being treated. This will be monitored by security, and includes the hospital lobby.

Please contact Mr. Chistolini if you have additional questions.

Thank you,
CLCS
